TECHNICAL SKILLS

Web Technologies and Frameworks:
JavaScript, React.js, Gatsby, HTML5, CSS3, Storybook, Node.js, Express.js, TypeScript, GraphQL, D3.js, Django

UX/UI:
Figma, Material UI, Styled Components, Boot-Strap

Database and ORM:
MySQL and PostgreSQL

DevOps:
CI/CD, Travis, Heroku, Netlify, Git, Jira, Docker, GCP, AWS

ACHIEVEMENTS

I started a project that raised community awareness in my home town among young people thorough presenting and bringing new books to a local library.

HOBBIES

I love cycling and that's my main vehicle to commute. I am also an active climber and can challenge V5 routes. I love reading graphic novels and believe me Alejandro Jodorowsky's and Moebius's collaboration is the best.

WORK EXPERIENCE

Full Stack Developer
West London Alliance, Skills Portal | July 2020 - present

- Aggregating information from several sources using **Beautiful Soup** and using **D3** to visualise the fetched data.
- Building a search interface using **React-based PWA** powerd by **Gatsby TypeScript**.
- Deploying using **Docker** onto **AWS**.

Software Developer
Prepare Me | May 2020 - June 2020

- Engineered **functional React** components and implemented **Cloudinary** to enable upload feature for the users
- Improved applications **state management** by incorporating **Context API**
- Developed user-centric MVP by implementing **mobile-first design** principles combined with weekly **user research** feedbacks

Trainee Software Developer
Founders and Coders | May 2020

- Successfully deployed the **REST API** on **Heroku** and front end **React** app on **Netlify** as **DevOps** lead
- Added extra security layer by incorporating **JWT** refresh tokens
- Gathered, populated and organised data in the **database** to create a suitable API for the project by integrating **third-part APIs** and writing advanced **PostgreSQL** queries

PREVIOUS WORK EXPERIENCE

Team Leader
Finch's | Feb 2018 - January 2020

- Got promoted to team leader position after 8 months of work.
- Developed high-level team organisational skills while working under high pressure and pace.
- Advanced sales skills and became the top seller of the year two times in a row.

EDUCATIONAL HISTORY

Founders and Coders
Full Stack Development | Feb 2020 - May 2020

- Highly competitive, 18 weeks long training in various technologies, such as **React.js**, **NodeJS** expanded into deployments on **Heroku** and **Netlify**
- Large focus on team-collaboration and pair-programming
- Mentoring at weekly meetups and helping future candidates

Ilia State Univeristy
BA Linguistics and Literature Studies | Oct 2013 - Feb 2018

- GPA: 3.7
- Minor in Liberal Arts
- Received an award for contributing to gender studies with my thesis.
